Chapter 20 Entertainment

Positive English page 225 – favourite pastime (sample letter)

21 August, 2016

Dear Brian,

You wrote me about your favourite pastime activities in your last letter. I'm happy to know that you like to read. You won't believe it, but my favourite books are also the Harry Potter books. I read the first one at least ten times but I read all other books in the series as well and I saw all the movies that were made out of the books.

I often watch films in the cinema with my friends. We did not have a local cinema and we had to travel to a nearby city if we wanted to see a new film. But people petitioned the town council and finally they made a cinema earlier this year. It's wonderful and it is very popular with people. Sometimes, when they have blockbusters, we can't get in as the tickets are sold out. So we have to wait for the next showing of the film or we have to be very quick with buying the tickets. Fortunately we can buy tickets online and we don't have to wait in long queues.

I like to go for long nature walks too. I usually take my camera and try to take pictures of interesting landscape, flowers and animals. Last week I saw a squirrel and I took some pictures. Being outside and walking is a lot better than sitting in front of the computer. But unfortunately I love to do that too. I always chat with my friends on Facebook.

I think that's all I had time for today. Please write me back soon.

Yours,

Dominique
