Subject: Teaching in the summer

Dear Paula Johnson,

I am a university student in Szeged, Hungary and I major in English language and literature. One of my professors showed me a magazine that had your advertisement with the title “Work and Learn in Florida.” I’m very much interested in your offer and I would like to join you for the summer.

I have been learning English for about ten years now and I am a junior at the university. I am one of the bests in my class and I can both write and speak English fluently. I have a lot of teaching experience as well. As an English major I have to give lessons in schools. The children usually like me. I try to use humour and we have lovely sessions.

I am very active in sports too. I play soccer in the school team and I do a lot of water sports like swimming and kayaking. I also love beach volley ball and tennis. Last summer I taught in a summer sports camp in Szeged and all the students, aged 7-15, liked me.

I have learned a lot about Britain in my lessons but not too much about America. I would like to visit the USA and learn more about the culture and meet people there. I think, working in your camp would be an excellent opportunity, so I hope I can join your team.

I’m looking forward to hearing from you soon. Please e-mail me at sportsguy@gmail.com.

Yours faithfully,

Jack Smith
